Publication and Update

Last day of November

Aim and Scope

The International Journal of Science and Engineering for Smart Vehicles (IJSESV) provides a chance for academic and industry professionals to discuss recent progress in the area of science and engineering for smart vehicles.

To bridge the gap of users who do not have access to major databases where one should pay for every downloaded article; this online publication platform is open to all readers as part of our commitment to global scientific society.

Journal Topics

The main topics include but will not be limited to: (Excellent surveying works, summary or introduction of new or fresh idea in these areas are welcome, too).

- Advanced control techniques
- Automated guided vehicles
- Automatic control
- Automotive Electronics & Automatic Control
- Big data analytics for ITS applications
- Communication systems
- Communications protocol design
- Communications-enabled fleet management
- Connected smart parking systems
- Data storage, management, and retrieval in vehicular networks
- Instrumentation and control components
- Integration of cloud technologies in ITS applications
- Intelligent Transportation Systems in Vehicular Network
- Mobile (smart) device integration in vehicles and transport systems
- Operations Management
- Quality Assurance and Engineering

- Reliability and Maintenance Engineering
- Safety & Non-safety applications
- Security & Privacy Issues
- Security and privacy in ITS applications
- Simulation environments, experimental testbeds
- Solutions to connect vehicles with the Internet
- Vehicular Network as a Sensor Network

Advisory/Editorial Board

- Abdallah Makhoul, Université de Besancon / IUT de Belfort, France
- Alireza Masoum, Urmia University of Technology, Iran
- Ashkan Haji Hosseinloo, Massachusetts Institute of Technology, USA
- Bin Li, University of Concordia, Canada
- Chan Lim, Soongsil University, Korea
- Chen Lv, Cranfield University, United Kingdom
- Chih-Yu Wen, National Chung Hsing University Tai-Chung, Taiwan
- Hui Wu, University of New South Wales, Australia
- Kyoung-Don (KD) Kang, State University of New York at Binghamton, USA
- Li-Der Chou, National Central University, Taiwan
- Malka N. Halgamuge, The University of Melbourne, Australia
- Natarajan Meghanathan, Jackson State University, USA
- Pietro Siciliano, National Research Council, Italy
- Po-Jen Chuang, Tamkang University –Taipei, Taiwan Republic of China
- Seng W. Loke, La Trobe University, Australia
- Seongah Chin, Sungkyul University, Korea
- Tadashi Dohi, Hiroshima University, Japan
- Weiwei Fang, Beijing Jiaotong University, China

Editorial Secretary

- Simon Chan
- Lyn Ruiz Curio
- Haiying Wang
- Yuyu Yin
