

## Table of Contents

### © *Special Issue on Agent and Multi-agent Systems*

**Persistent Memory in Multi-Agent Systems – The OMAS Approach** **1**  
*Jean-Paul A. Barthès*

**A Multi-agent System Architecture for Modeling Multicultural Interaction** **15**  
*Omar González, Jean-Paul Barthès and Félix Ramos*

**CSCW in Software Development: Collaboration among Humans and Artificial Agents through Dialogs** **31**  
*Milton Pires Ramos, Cesar Augusto Tacla, Gilson Yukio Sato, Emerson Cabrera Paraiso and Jean-Paul A. Barthès*

**Repository-centered Agent Organization Method among Heterogeneous Agent Platforms** **47**  
*Takahiro Uchiya, Yuta Nakashima, Ichi Takumi, Tetsuo Kinoshita, Hideki Hara and Kenji Sugawara*

**A Practical Design and Implementation of Active Information Resource based Network Management System** **67**  
*Kazuto Sasai, Johan Sveholm, Gen Kitagata and Tetsuo Kinoshita*

**Agent-based Access Rights Delegation utilizing Social Relationships** **87**  
*Gen Kitagata, Kazuto Sasai, Johan Sveholm, Norio Shiratori and Tetsuo Kinoshita*

**Model Based Detection of Implied Scenarios in Multi-Agent Systems** **101**  
*Mohammad Moshirpour, Shimaa M. El-Sherif, Abdolmajid Mousavi and Behrouz H. Far*

### © *Regular Papers*

**An Architecture for Enhancing Capability and Energy Efficiency of Wireless Handheld Devices** **117**  
*Rajesh Palit Ajit Singh and Kshirasagar Naik*

**Fuzzy Sets Towards Forming Boolean Algebra** **137**  
*Maoni Dhar*

**Non-Probabilistic Uncertainty Analysis of Analytical and Numerical Solution of Heat Conduction** **143**  
*D. Datta*

**A New Energy Saving Mechanism in IEEE 802.16e/m** **157**  
*Van Cuong Nguyen, Van Tuan Pham and Bong-Kyo Moon*

**Extensive Experimental Studies of a Single Family Solar Cooker** **169**  
*Sunita Mahavar, Namrata Sengar, Manisha Verma and Prabha Dashora*

**On Performance Evaluation of WSN Routing Protocols for MICA and MICAz  
using Different Radio Models** **181**

*Deepti Gupta and Ajay K. Sharma*

**Preliminary Design on Multi-touch surfaces Managed by  
Multi-agent Systems** **195**

*Claude Moulin, Alistair Jones, Jean-Paul Barthès  
and Dominique Lenne*

**Shared-Nothing vs. Shared-Disk Cloud Database Architecture** **211**

*Sunguk Lee*
