Publication and Update

Last day of June and December

Aim and Scope

The International Journal of Smart Business and Technology (IJSBT) provides a chance for academic and industry professionals to discuss recent progress in the area of smart business and technology service.
To bridge the gap of users who do not have access to major databases where one should pay for every downloaded article; this online publication platform is open to all readers as part of our commitment to global scientific society.

Journal Topics

The main topics include but will not be limited to: (Excellent surveying works, summary or introduction of new or fresh idea in these areas are welcome, too).

- Blockchain related to Digital Currency Service and Its Application
- Digital Payment and its Application
- Bit Coin and its Application
- Fintech related to Business, Technology, its Application
- Fintech Security
- Electronic Commerce/Mobile Commerce
